

Certificate Number: A040755

Date Issued: 22nd January 2004

Compact domestic booster set affording Fluid Category 4 protection by virtue of an integral Type AF air gap. The unit is supplied as a complete package on a stainless steel base plate complete with stainless steel braided flexible hoses. The assembly includes a 24 litre stainless steel flanged pressure vessel. Size: 22 mm outlet, 22 or 28 mm inlet. Product designations: “Pent-A-Boost” model BTAFV 500, 700, 900, 1200.

This is to certify that the above range of products manufactured by

Arrow Valves Ltd

has been tested and found to comply with the requirements of the Water Supply (Water Fittings) Regulations 1999 for England and Wales, the Water Byelaws 2000, Scotland and the Water Regulations Northern Ireland.

To comply with the Regulations and Byelaws all products require the correct installation. Details of the installation requirements may be obtained from the installation instructions supplied with the products.
