

Certificate Number: A020028

Date Issued: 13<sup>th</sup> December 2002

## Standpipe Assembly

**Model: SPED**

**Tamperproof permanent standpipe enclosure with hose union tap. Incorporates a Double Check Valve (model ED132), which provides backflow protection against fluid category 3. Features a servicing valve and MDPE inlet connection (copper compression optional). Padlock locks the cover in two positions. Housing manufactured in zinc plated steel. Standard finish is dark green polyester with stainless steel handle and fasteners. Optional footing (pile) available for soft ground facilitating connection to a supply pipe 750 mm below ground.**

**Size: DN15 & DN20 outlet. 20, 25, 32 MDPE inlet**

**Product Designation: SPED**

**Markings: Adhesive label stating manufacturer's name, model, and operating instructions**

This is to certify that the above range of products manufactured by

### Arrow Valves Ltd

has been tested and found to comply with the requirements of the Water Supply (Water Fittings) Regulations 1999 for England and Wales, the Water Byelaws 2000, Scotland and the Water Regulations Northern Ireland.

To comply with the Regulations and Byelaws all products require the correct installation. Details of the installation requirements may be obtained from the installation instructions supplied with the products.
